Answer

THE MINISTER OF STATE IN THE MINISTRY OF WATER RESOURCES

(SMT. BIJOYA CHAKRAVARTY)

(a) to (e) State-wise details of 155 major and 234 medium irrigation projects which are at present under construction alongwith their latest estimated cost, ultimate irrigation potential and the amount spent thereon is given in the enclosed statement. Irrigation being a State subject, irrigation projects are taken up for implementation by the State Governments themselves out of their own resources and as per their own priorities. The completion period of any project depends on various factors such as it size, availability of land, obtaining clearances from various Central Appraising Agencies by the State Governments,geological conditions etc. Equally important are funds allotted by the State Governments to individual projects.
